Memo for Mr. Bower:

The report of the Moore Packing Co., 401 Allegheny St., Portland, has been received. It is apparently complete, but I want to submit this information to you;

They give the value of plant, etc., at \$25,800.64; operating or cash capital "none"; wages paid \$16,733.39; total value of vessels and boats, and apparatus, \$9,945. What about the operating or cash capital? Is that all right?

Reports have been coming in very well, and I have prepared a few letters which Mr. Aller has approved.

Ms. Haines.

Miss Haines:

Company should be written for missing figure.
